**AGENDA ITEM
No.28.6.1**

CMDA – Enforcement Cell – Fixing of Responsibilities for allowing unauthorised constructions within Chennai Metropolitan Area.

Minutes

The subject was discussed by the Monitoring Committee in detail and reiterated that Action Taken Report was already filed by the Monitoring committee before the Hon'ble High Court stating that considering all facts and factors, the non-official members are of the view that the CMDA is basically a Planning Body and is not configured to perform the implementation / enforcement functions it has been charged with. Urban Local Bodies within Chennai Metropolitan Area lack technical / managerial expertise to monitor and enforce the building rules and regulations. Combination of these is the cause of the present condition. What is required is major governance reforms to reconfigure and streamline the institutional mechanism and redefine the duties, responsibilities and functions of CMDA, Chennai Corporation and Urban Local Bodies in Chennai Metropolitan Area. Local bodies do need to take greater responsibility in enforcement action as they are better equipped to do the same.

Further, as far as fixing of responsibilities on officials for allowing unauthorised constructions within Chennai

Metropolitan Area is concerned departmental procedures are existing for all the Agencies. Non-official Members of the Monitoring Committee felt that fixing responsibilities on officials is an internal matter of the CMDA, Corporation of Chennai and other Local Bodies within Chennai Metropolitan Area.

AGENDA ITEM No.28.6.2 CMDA – Erring builders – Subject placed before the Monitoring Committee.
